DETAILED ACTION

Receipt of applicants' amendments and remarks submitted December 8, 2006 is acknowledged.

Claim Rejections 35 U.S.C. 251

1. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: No specific error in the application has been identified as error correctable by reissue application in the declaration. It is noted the declaration assert "the patentees claiming less than patentees had the right to claim" However, claims as pending do not encompass more than originally claimed. Further, declaration must also state "original and first" inventor
2. Claims 1-14 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Claim Objections

Applicant is notified that any subsequent amendment to the specification and/or claims must comply with 37 CFR 1.173(b). In addition, when any substantive amendment is filed in the reissue application, which amendment otherwise places the reissue application in condition for allowance, a supplemental oath/declaration will be required. See MPEP § 1414.01.

The claims presented with the amendments filed December 8, 2006 do not comply with 37 CFR 1.173 (d), which sets forth the manner of showing the change relative to the patent in reissue applications.

Art Unit: 1617

(d) Changes shown by markings. Any changes relative to the patent being reissued which are

made to the specification, including the claims, upon filing, or by an amendment paper in the reissue application, must include the following markings:

- (1) The matter to be omitted by reissue must be enclosed in brackets; and
- (2) The matter to be added by reissue must be underlined, except for amendments submitted on compact discs (§ § 1.96 and 1.821(c)). Matter added by reissue on compact discs must be preceded with “ <U > ” and end with “ < /U > ” to properly identify the material being added.

a. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
